Extending Safe Ride Marketing to Dickson Street	Safe Ride is a service available to all students which will pick them up in Fayetteville city limits on Thursday - Saturday from 10:30pm - 3:00am and bring them to their home address listed in the system. On Monday-Wednesday, Safe Ride operates on-campus only from 10:30pm-1:00am. As the Safe Ride Director, I want to extend marketing this program to Dickson Street, where a lot of students gather on the weekends. We want to start reaching out to establishments like JJs Dickson, Tin Roof, etc. to see if they would use Safe Ride branded wristbands for students that enter. ASG would fund these wristbands and they would have the logo and the Safe Ride phone number on them, so that students can be made aware of an option for a safe ride home.
